Such an amazing age! 🥳🥳🥳 Your child will sing, dance, swing, play games, watch puppet shows, and even have "Surprise Time!" Our Gymsters feel great about themselves as they learn basic tumbling in a fun and positive setting.

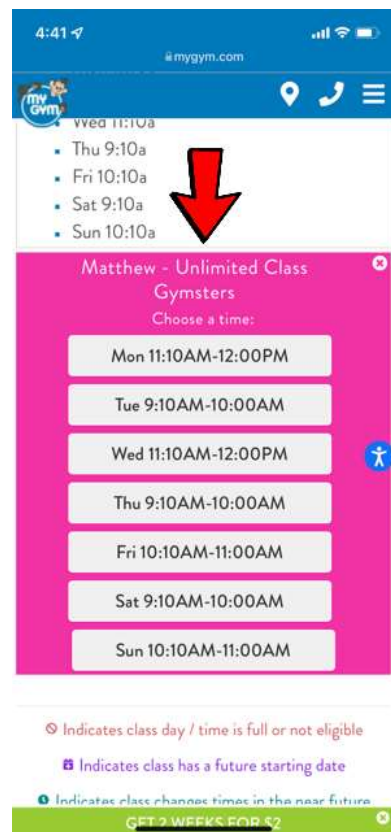

At this age, toddlers' abilities are evolving on a weekly basis, and our curriculum keeps these active little ones engaged and captivated! Running, jumping, and spatial awareness are milestones in this program. Of course, opportunities abound to teach lessons on peer play and taking turns. Above all else, we make sure your child's self-esteem soars at My Gym! 🥳🥳🥳
